## ABOUT GSMS

Founded in 1986 by a U.S. Veteran, GSMS, Incorporated serves the federal government by providing high-quality, competitively priced, generic pharmaceuticals with a variety of size and label options.

### MISSION

To improve health and quality of care by providing a wide portfolio of generic pharmaceutical products to our customers and the patients they serve.

### OUR COMMITMENT

GSMS is dedicated to ensuring the integrity of not only our products, but also the integrity of the pharmaceutical supply chain. We have the capabilities to meet the safety, packaging, labeling, pedigree, and distribution needs of our customers and the patients they serve. Our commitment to excellence and integrity has brought us to the forefront of electronic pedigree systems to safeguard against counterfeit drugs.

## OUR FACILITIES AND EQUIPMENT

GSMS offers flexible packaging capabilities and reliable order fulfillment in a 24 hour/5 day a week operation. Our packaging and distribution facilities occupy over 85,000 square feet and are FDA and DEA compliant and VAWD accredited.

The Camarillo, CA facility houses eleven production suites which contain enhanced security monitoring, HEPA filtration systems and temperature and humidity controls. Our state-of-the-art packaging and labeling equipment are designed to meet a variety of customer requirements from unit of use packaging to multiple other custom quantity needs. Additionally, all production lines contain serialization and aggregation capabilities that are compliant with the FDA's Drug Supply Chain and Security Act (DSCSA) requirements.

In February 2020, GSMS acquired an additional 70,000 square feet of multi-use space on the same campus that will be utilized for future growth.

SERVICE

### SERVICE

Service Excellence is how we think and act at GSMS. It's more than just processing orders or fixing problems; it is prompt responses, consistent communication, quality information and caring to provide a superior customer experience with every interaction.

QUALITY

### QUALITY

Quality is in everything we do at GSMS. Every day, we are all responsible for executing our procedures and driving continuous improvement to deliver high quality products to our Veterans and active-duty Military.

INTEGRITY

### INTEGRITY

We believe in a consistent and uncompromising adherence to moral and ethical values. In short, doing the right thing every time, even when no one is watching. In everything, we focus on doing what is best for our teammates, the people we serve, and for society as a whole.

SAFETY

### SAFETY

The safety and health of our employees, our customers, and the people who use our products is our highest priority. Every member of our team is empowered to strive towards an environment with zero accidents.

INNOVATION

### INNOVATION

We encourage our team to express new ideas and unique solutions to difficult problems. We know that yesterday does not equal tomorrow and we are ready and willing to grow and change so we can continue to provide the best service possible.

DEPENDABILITY

### DEPENDABILITY

We understand and embrace the trust our customers place in GSMS to consistently provide their critical medications. We are committed to exceeding their expectations.
